

**LACO** – A leader in leak testing technology with over **850 customers in 40 countries** provides peace of mind for your production and maintenance applications

### TITAN VERSA HELIUM LEAK DETECTOR LEASE & RENTAL PROGRAM

Getting your hands on the latest helium leak detector is easy thanks to the TITAN VERSA Lease & Rental Program from LACO Technologies. If outright purchase of a new helium leak detector is not an option for you, then you no longer need to settle on buying a refurbished model which might be obsolete. Available in either wet or dry pump configurations, LACO offers three options for procuring your helium leak detector. Contact our leak test team for more information at 801-486-1004 or sales@lacotech.com.
