

LACO Technologies Receives Certificate of Registration for ISO 9001:2015

PRI Registrar recognizes LACO for its commitment to continual improvement in their quality management system

SALT LAKE CITY | Dec. 2, 2020 | [LACO Technologies](#), a leading manufacturer of vacuum and leak testing solutions today announced that it has received a certificate of registration for ISO 9001:2015. Scope of Registration: Design, Manufacture and Service of Custom Vacuum Chambers, Leak Detection Systems and Leak Standards for the Aerospace, Automotive, Electronics, Medical, R&D, Transportation, and General Manufacturing Industries.

“LACO continues our commitment to excellence and quality products,” said Paul Chamberlain, CEO of LACO Technologies. “We are committed to constant improvement, it is at the core of everything we do, from designing and manufacturing quality products, to providing unequalled services and support to our customers around the world.”

LACO received its certificate of registration for demonstrating their ongoing commitment to quality by satisfying customer requirements and industry specifications.

“LACO has demonstrated its commitment to world class quality by implementing and becoming certified to the ISO 9001:2015 standard. They have joined an elite number of organizations worldwide who have achieved certification to this globally recognized quality standard,” said Randy Daugharthy, Director of the Registrar Program at the Performance Review Institute Registrar. “PRI Registrar is proud to partner with LACO in this accomplishment and look forward to continued support of their objective of quality excellence.”

About LACO Technologies

LACO Technologies, Inc. is a leading manufacturer of vacuum and leak testing systems. Driven by innovation, service, and quality, we strive to be the best provider of standard and custom vacuum and leak testing solutions.

Established in 1975, LACO Technologies is located in Salt Lake City, Utah, and serves customers across the United States and internationally. Owned by engineers, LACO is uniquely situated to provide innovative solutions for vacuum and leak testing applications. We work with diverse customer applications and are dedicated to creating the right solution to help our customers achieve their goals. For more information, please visit <http://www.lacotech.com>.
